

CLOUD STEPS

You need

A drill

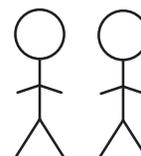

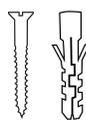

A level

A pencil

15 X screws
and anchors

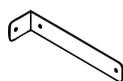

You got

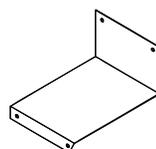

6 x Bookstand (D)

6 x Wall mounting (E)

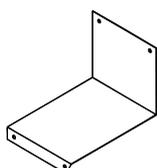

10 x Shelf (A)

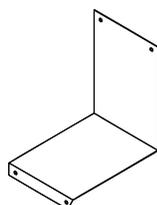

36 x Nylon
screw/bolt (F)

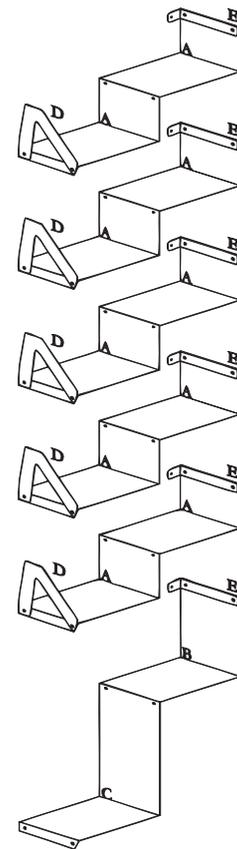

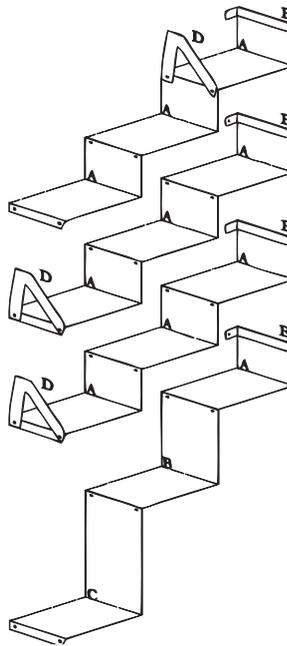

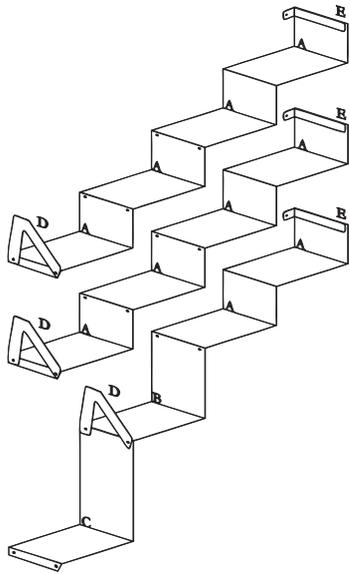

1 x Shelf (B)

1 x Shelf (C)

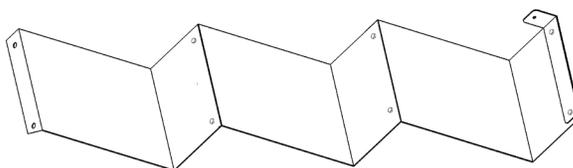

Arrangements

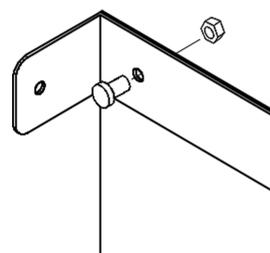

How to mount

- 1 Decide where and how you would like to arrange the cloud steps. Either make your own arrangement or use one of our arrangements, as shown on the previous page.

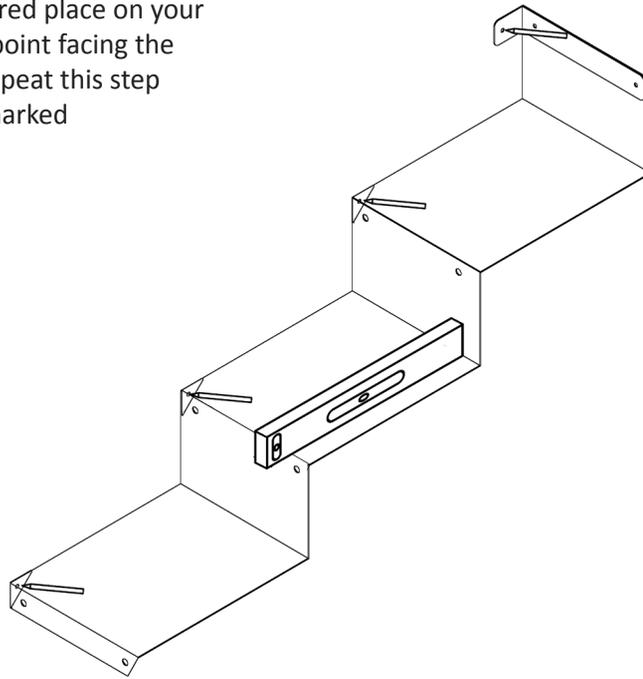

- 2 By using E as your starting point, build your chosen combination on the floor.

- 3 When the desired combination is achieved, connect all the elements using the nylon screws (F).

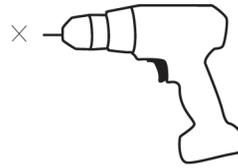

4

Place cloud steps in its desired place on your wall and mark all the hole point facing the wall. Use a level for this. Repeat this step until all the elements are marked

5

Drill the marks you made in step 4. Place anchors in holes.

6

Line the holes of the cloud system up with the holes in the wall and attach it by using screws. Repeat this step until all the steps are mounted.

You are now ready to use your new shelving unit.
